

I am opposed to any home building moratorium at the Settings of Black Mountain. As a current owner in the Settings, I am deeply concerned that the Mayor would even consider such a moratorium.

The Settings is a large source of tax revenue. It is confusing that the governing body of Black Mountain would not be making every effort to work with current owners to have a positive impact on the community. A moratorium may stigmatize the Settings and lower our property values. We should be working together and not against one another. Our elected officials should understand this and vote against a moratorium or remove it from the agenda altogether.

Respectfully,

**Deena Snipes**
