BRIEF SUMMARY:

The 1987 JCB Model 1400B Serial #14BN2067/32656717 two-wheel drive backhoe assigned to the Public Services Department has very high hours, worn drive train, and the steering box is worn out. The back frame, hinge pins and boom are also worn. On excessive slope it is too dangerous for any crew member to be around. The heat and lights are inoperable due to electrical issues. The front windshield is cracked and the hydraulic cylinders on the front loader and back boom are leaking. The ongoing cost of repairs exceeds the current fair market value of approximately \$6500.00.

MOTION FOR CONSIDERATION: To declare as surplus a 1987 JCB Backhoe, assigned to the Public Services Department, and to authorize staff to dispose via auction on GovDeals.
