

## Town of Black Mountain

160 Midland Avenue • Black Mountain, North Carolina 28711  
Phone (828) 419-9300 • Fax (828) 669-4204 • TDD 800-735-2962

### **Guidelines for Special Events Recycling in Black Mountain Town Limits**

- 1) All recycling needs to be collected in blue bags so that it is clear to GDS that the items are recyclables.
- 2) Someone associated with the event needs to be in charge of recycling and to serve as the single point-of-contact if there are any issues to be resolved.
- 3) A location needs to be decided upon, prior to the event, where recyclables will be left for collection on Wednesday. That location should be made known to Pam Hoen at Town Hall prior to the event so that she can coordinate pick-up with GDS.
- 4) Depending on the event location and the location selected for recycling materials, the Town of Black Mountain asks that the event organizers inform neighbors that recycling is being left and will be collected by the town. We do not want any downtown business owners unaware that there will be a pile of blue bags near their store waiting for pick-up.
- 5) The process for handling trash collection from the event is unchanged. NO TRASH should be left with the recycling.
- 6) Limit: 8 blue bags. If the amount of recyclables exceeds that, the event organizer will need to rent a recycling dumpster from a private contractor.

If you have further questions please contact Pam Hoen at Town Hall. (828)419-9300 Ext. 602
